I just wish I could write a letter like this to
everyone I know...

John, no one I know will receive the weeks of truly magical blessings that will be sent your way starting October 5th. Trust me, if you have a banker call him...if you don't...get one and an accountant too, because with the kind of good fortune that will soon surround you like a protective cocoon, you will need some expert financial guidance to help you make the right investments and purchases.

You are not dreaming and I'm not exaggerating. This is as real as you and me, and I bet an answer to your prayers.

To keep these blessings safe, I want you
to have, as my gift... A Blessing Keeper forged from
pure Kootenai Silver

Dear John,

First, I am incredibly happy for you.

Second, let me tell you it must be God's will that helped me to find you there in Alberta.

Third, if you are concerned at all about turning a year older on your next birthday, please don't be, because this rare convergence of forces, which I am sure is being directed to you from above, is about to erase any anxieties you may have about your future and open the way for you to enrich and enhance your finances, relationships and most importantly your health and happiness.

My dear friend, as I'm sure you can see...this coming period won't be just good for you...it will be GREAT!

(I only wish I was in the position you are in right now.)

However, you must use this time wisely...

Remember how it was when you were a kid, and you got \$10 or \$20 dollars from your favorite aunt for your birthday and your parents told you to spend your money on something you really wanted, and not to waste it on candy? Well this is much the same thing, but thousands of times better and more important, so it's even more imperative that you don't waste this amazing blessing.

So, if you don't want to squander these marvelous blessings on frivolous things, the very next thing I would do if I were you is, write down your five greatest dreams, such as being able to provide for your children or grandchildren, having a really grand home so you can entertain family and friends, being able to buy a car for someone who really needs one, being able to travel first class to any part of the world, or being able to help your family handle the challenges of life. More importantly, I would be as specific as I could be about these dreams, because the easier it is to picture exactly what you want to happen, the easier it will be for you to realize these dreams.

Perhaps now would be a good time to introduce myself

I help
the
police

My name is Skye Alexander. I am both a psychic detective and a Master of an ancient science that has been practiced since before the birth of Christ. Perhaps you have seen me on TV. As a psychic detective I have helped police across the United States solve homicides, missing person and suicide cases. This is difficult work but it's something which I feel I must do.

However, as difficult as this work is, it gives me great satisfaction and has earned me invitations to appear on TV's "Unsolved Mysteries" and the show "Sightings." I have also participated in a special about the extraordinary significance of Stonehenge, (the strange 4000 year old stone structure in England) for the Discovery channel.

I could go on and tell you that one of the books I wrote, Planets in Signs, is considered a classic and has been in print for over 15 years and that I have taught classes in psychic development at two Boston-area colleges but I am not writing to you to talk about myself...on the contrary, I've written to you because of what I found out about you and the blessings you are about to receive!

There will never be a better time for you to realize your dreams and re-define your goals and desires...

From over 30 years of dealing and studying psychic and magickal phenomena, I can assure you that when providence starts opening up doors like this for you, my dear, you have to run, not just walk through them. This is mother nature smiling at you, and to paraphrase an old television commercial...it's not nice to ignore mother nature.

If you act quickly, October 5th will be the most important day in your life!

This
started
it all!

And this is how I know.

Often master practitioners of the ancient science of magick, such as myself, go into deep states of meditation to gain access to the great book

I had the most amazing vision about you...please go to page 3

of knowledge that is stored in the vast ethereal Hall of Akash.

This book, a collection of energy and thoughts, is called The Akashic Records. It is an account of all the events, blessings and deeds that have happened, and will happen. I enter the Hall of Akash on special occasions to seek knowledge of events, like when I am helping the police locate people. I was there for that purpose when I came across a name, John Tyrrell, and an address, 531 10 St Se, Medicine Hat, AB T1A 1R4 and a date, October 5th, 2006!

This has only happened a few times before, so I knew instantly that an extremely powerful, life changing event was about to take place and that I was part of it. (The last time this happened, the person I contacted did quite well for themselves.) But I believe this is even better and here's why...

As my eyes moved from the date on the page, they fell upon a description of what was going to take place. As I started to read, an incredible vision began to unfold before my eyes, and what I saw I will never forget...it's the reason I looked for you there in Alberta, and sent you this letter, John...

I believe it was a prophecy about you, John

Suddenly, I am in the middle of what could only be a prestigious yacht club, walking down a dock surrounded by boats one only dreams about. I hear the sound of seagulls, marine engines and flags flapping in the wind. I smell the salt air, the sea water, and I can feel the warmth of the afternoon sun.

I then get an incredible sense of anticipation as I follow a group of smartly dressed people that includes what appears to be the leader of the group who is decked out jauntily in the white and blue of the yacht club's colors. While the group strolls past each impressive yacht the group's leader is greeted most respectfully by the owners of other boats.

As the group makes its way down the dock, I spy the biggest, most impressive and beautiful yacht of all, at the very end of the pier. It is a huge, blue and white craft with brass fittings and lots of highly polished teak. I can see the crew in their starched white uniforms lining up to greet the owner and guests with an offering of hors d'oeuvres and champagne.

Suddenly I hear one of the guests ask, "Is this John's boat?"

And almost immediately someone else from the group whispers, "Yes, it and 2 homes were purchased with lottery winnings!"

I did a chart and it confirmed what I've been telling you!

Since these visions get me really excited, I wanted to make doubly sure that before I rushed out and contacted you that the psychic impressions I was picking up were real. So, I quickly did some astrological calculations based on some information I was able to obtain about you and created a chart...and guess what?

There's something I want you to have... please see over

This
was so
real I
knew I
had to
contact
you

The stars, the position of the planets, the relationship of the planets to each other and especially the second, fifth, eighth, tenth and eleventh houses which directly reflect and influence such things as sources of income, new beginnings, relationships with family and friends, health and physical well being, wealth and money and the attainment of personal fulfillment...are all incredibly positive.

From over 30 years of experience I can assure you this confirms the vision I received and that October 5th will be the start of a magickal time for you! (Of course, I want you to double check the information, so I've sent along a Natal Chart Confirmation Form I would like you to complete.)

And to quote a friend of mine, "There comes a time when you have to drop your doubts and skepticism in order to realize that your prayers have finally been answered."

Please Trust Me...I Know I Can Help You Benefit From This

If you
have
any
doubts
about
me,
please
read
this

The Boston Globe and The Gloucester Daily Times have both written articles about my psychic and astrological powers and how I use them to help police solve crimes. (Please see the reprint I have enclosed for you.) So please, even if you have received similar letters from people purporting to be psychics, or have actually dealt with real psychics with either no or marginal results...you mustn't let that color your judgement or keep you from using a heaven sent gift like this.

All I'm asking is that you give me the benefit of the doubt, and see for yourself what this blessing can do for you. Trust me, from 30 plus years of doing this, I know when I'm picking up something special. And this my friend is very special! (Do you think the police would work with me if I didn't know what I was talking about?)

In fact, I believe these blessings are so precious I want you to have...

This is
a gift

An Ancient "Blessing Keeper" forged from Keltonian Silver with Special Elfin Enchantments to protect you and your blessings

You and your blessings will be protected by your Blessing Keeper's powerful Elfin Enchantment which is inscribed around its circumference. The Blessing Keeper itself is protected by pure Keltonian Silver. "Blessing Keepers" like yours were created long ago by powerful priests, who gave them to kings and chieftains to keep them safe in times of trouble. Once your "Blessing Keeper" is in your possession, please keep it near you at all times.

There is a picture of your "Blessing Keeper" on the back of the Natal Chart Confirmation Form I've enclosed.

Now let me explain what this time could do for you...

You've heard the phrase, "everything is coming up roses"? Well everything will be coming up roses for you.

Not only will there be a new spring in your step because all those little aches and pains will seem to disappear, but also good luck will be

To see what can happen please go to page 5

greeting you at every corner.

For instance:

The next time you go shopping, instead of finding out the item you wanted is no longer available...you'll get an additional 20% or 30% off and better yet, the item will be mismarked in your favor, not the store's! And it won't stop there...on a busy weekend when you usually spend half your time looking for a parking spot downtown, only to lose it to an overly aggressive smart aleck, you'll not only find a space quickly but it will be right next to where you want to go and there will already be more than enough time on the meter so you won't have to pay!

Or, instead of just missing your train because traffic was backed up which happens to me all the time, the train you'll be taking will get delayed just a bit, so it'll be there waiting for you.

In short, almost everything you do will work in your favor, as if there were an angel sitting on your shoulder. (Which in a lot of ways will be true.)

But the best part is, it won't stop with the small stuff. The kind of good fortune that will surround you starting on October 5th, will extend into every area of your life...and if you follow the advice I will give you, nothing, and I mean nothing will be impossible for you to accomplish.

In fact, I'm sure what I saw when I was in the great Hall of Akash was more than symbolic from past experience. And if you allow me to help you use these blessings you will soon be given, I guarantee I can help you use them to make my vision your future.

Here is an example of what this could mean

here is
an
example
of what
can
happen

One of the times this happened, a woman I know needed money for an emergency surgery. Being ill, there was no way she could take a second job, so she wanted to know if I could help her get the money she needed. I wasn't sure what would happen when I went into a deep state of meditation. As I searched the Akashic Records, I saw there was a way for her to get the money she needed and within a week, she had \$21,000.00!

As you can see, Akashic Records are a great storehouse of knowledge. This is why I really believe that it is in your own best interest that you see for yourself where this leads, especially since you have nothing at all to lose in doing so.

However, the choice is entirely yours.

There will never be a better time for you to be an active force in your own life. Only you have the power to take charge of your destiny. I will be there with you, but I cannot help you unless you want to help yourself first.

So, if you're not afraid to succeed beyond your wildest imagination, here is what I want to do for you, so you can grab hold of your magickal blessings and use their incredible power to realize your every dream.

If you are ready to change your life...please turn the page

All You Have To Do Is Believe...I Will Do The Rest...

 3. So you will be totally prepared to reap what the universe is offering you, I'll tell you what to look for, what to avoid and what opportunities to take advantage of, as well as what people you should seek out or be wary of.

From This Moment On You Are Not Alone Anymore!

I am and will be here as your guide, advisor and friend. Remember, this is my mission too. Things like this happen for a reason. I believe I was summoned to help you. And I believe a power much bigger than us has put all of this together and then led me to you. In my humble opinion it would be a sin not to see where this goes.

If You're Ready For The Life You Have Been Dreaming of...

I need you to look over and complete the "Natal Chart Confirmation Form" I've enclosed. Don't worry, it's not complicated and it should only take you a minute or so to do. I need this information to be sure that the advice and guidance I give you are as accurate as I can make it.

I want to give you this Blessing Keeper as my personal gift
It's plated in pure Keltonian Silver with
Elfin enchantments inscribed around its perimeter.

"Blessing Keepers" like the one I want you to have, were first carried by the ruling class of a fierce warrior tribe that swept off the Russian Steppe into the prehistoric forests and plains of Europe more than 3,500 years ago. The ancient Greeks called these people the Keltoi (the secret people) -- Today we call these peoples the Celts.

It was the Keltoi, who created the magnificent "Book of Kells," more than 800 years ago, which many believe was written with the help of angels, because even when its minute and complicated designs are examined under powerful magnifying lenses, which weren't invented until 400 years after "The Book of Kells" was finished, they can be seen to be drawn without a single false or irregular line!

The same Keltoi Priests who created "The Book of Kells" created "Blessing Keepers" to protect the tribe's Kings and Chieftains. These Priests, who drew their great power from the elements of earth, water, air and fire, put these same powers into their amulets, using a language of secret symbols, (knot designs and spirals), along with magickal Elfin enchantments.

As you can imagine, these pieces were highly prized and closely guarded because they were extremely powerful, which is why I want to send you one. It will protect you and your good fortune. Your amulet, like the ones created long ago is forged from pure Keltonian Silver, to strengthen its power and to keep it from being corrupted in any way. Please keep yours near you at all times.

"I want to use my gifts to bring joy and prosperity to as many people as possible, because I believe that great gifts come with great responsibilities."

 - DISCOVERY CHANNEL

From the Boston Sunday Globe:

"Alexander is both a professional astrologer and writer. She used both skills when creating Hidden Agenda, as well as her experience in working with law enforcement to solve crimes... Alexander has worked with police across the country to solve murders, robberies and missing person cases."

From the Gloucester Daily Times:

Astrologer Consults the Stars to Help Police Solve Murders

"What do police do when they're baffled by a crime and can't figure out whodunit? Sometimes they call in a psychic, or as in Skye Alexander's case, an astrologer. Alexander has used astrology to help police and other investigators across the country solve murder, kidnappings, arson, burglaries and other crimes

A mother in Florida had spent years searching for her missing daughter who'd been abducted. Shortly after she contacted Alexander, the girl was located and mother and daughter were reunited.

A man in Texas asked Alexander to look into his case after his house was ransacked for the third time. Alexander quickly identified the burglar and within a week, police took the suspect into custody.

Police in a New England town couldn't arrest a murder suspect until they found his victim's body. Alexander pinpointed the place where the body had been dumped, and police picked up their man.

'Most people think astrology is just a daily horoscope column in their local newspaper,' Alexander explains. 'In reality astrology is an ancient, complex, and extremely useful body of knowledge that can be utilized in countless ways.'

During her two decades as a professional astrologer, for instance, Alexander has been hired to determine the best time to start new businesses, diagnose illnesses, find lost pets — and solve murders."

Skye is recognized for her work

It has earned her invitations to appear on Unsolved Mysteries and Sightings. Skye was also featured in a Discovery Channel special on Magick filmed at Stonehenge.

What Skye Sees Happening In 2006

Madonna kicks off a tour of developing countries to draw awareness to global poverty. After a frightening kidnapping plot is exposed, she cuts her trip short, and is rushed back to England. This inspires her to speak out about violence and war, and she becomes a powerful voice for peace.

An unexpected drought in many parts of the world causes a devastating water shortage, and an increase in the demand for bottled water. Millions worldwide march for a renewed commitment to environmental standards on the basics such as air and water. Leaders take heed and begin to hold polluters accountable.

A "lost" book of the Holy Bible will be discovered, incredibly, in Europe. Historians will authenticate it as part of the bounty brought back from the Holy Land by the Knights Templar in the 13th century, and kept secret by the Emperor Napoleon who (though an atheist) believed it had healing powers.

The melting of permafrost in the Northern Hemisphere uncovers buried towns, sparking renewed interest in other lost civilizations. This intensifies when a team of French explorers discover clues to finding the fabled lost city of Atlantis. Millions around the world track their progress via the Internet.

My dear friend,

First of all, you can't lose. I will take all the risk. If I'm wrong about any of this, you won't lose a thing.

Second, it is time you move past your fear of success and take action. This is your time.. Enjoy the adventure.. Even on the odd chance that what I predict doesn't happen, you will still be better off than you are now, because getting involved in your own life will give you a new sense of empowerment and self worth.

Third, getting the things you want out of life is always possible... its just that finding a way to get them is not always apparent. Well, now the way is right in front of you. The universe is offering you its help...all you have to do is say yes. So don't think about it... do it!

Love
